

INERT EXPLOSIVES CONCEALED IN MAINTENANCE PRODUCTS

X-TEST Product No.: AVSEC007

ABOUT THIS KIT

This kit includes IEDs (Improvised Explosive Devices) concealed in various everyday maintenance products. These products simulate complete IEDs, including their four main components – explosives, initiating and firing system, operating mechanism and battery.

TARGET AUDIENCE

This kit and its components are designed for teaching, training and testing security personnel operating in airports, checkpoints, governmental facilities, and any other secured facilities.

* A four-day screeners course is recommended when purchasing this kit.

TECHNICAL SPECIFICATIONS

The kit includes simulated IEDs concealed in the following items:

- Wet Floor Sign
- Cleaning Wipes Bucket
- Disposable Gloves Box
- Plumbing Pipe
- Cleaning Spray
- Flashlight
- power strip

* Items may vary according to inventory.

Simulants, packing, accessories and QC specifications:

- The kit contains an instructional booklet including X-Ray images and pictures of the concealment process
- Quality control includes testing with X-Ray and CT machines
